Re: REQUEST FOR IMMEDIATE ACTION ON PETITION TO MAKE SPECIAL
Application No. 10/824,744; Art Unit 3617; Applicant: COWAN
Title: LINEAR MOTORS POWERED DIRECTLY BY PULSATING CURRENT

Dear Director Bertsch:

Applicant hereby renews his request for immediate action on the Petition to Make Special on Ground of Applicant's Age, filed with the application on 4/15/2004. No response has been received, though a previous request for immediate action was filed 7/19/2004. For your convenient reference a copy of the previous request, with a copy of the original petition appended thereto, is attached. Applicant is more than 78 years of age, and there is no justification for inordinate delay in granting the petition, which delay is plainly contrary to the Office's policy in allowing for such petitions. Thank you for your immediate attention to this request.

Very truly yours,

REQUEST FOR IMMEDIATE ACTION ON PETITION TO MAKE SPECIAL

Applicant hereby respectfully requests immediate action on his petition to make special (age), filed with the application on 04/15/2004, a true copy of said petition and supporting declaration being attached hereto as App. A for convenient reference, and as grounds for this request states:

1. A period of three months has now passed since the filing of the petition, without any notice of any action on same having been received by applicant's counsel.

2. Since the petition is based only on applicant's age, established by the accompanying declaration, which age plainly warrants granting of the petition, no period for reflection is needed for the decision to grant the petition.

3. Undue delay in granting of a petition to make special is plainly inimical to the purpose of such a petition.

WHEREFORE applicant respectfully prays that the petition be immediately granted, and that the application be then immediately

assigned to an examiner for expedited examination.

Respectfully submitted,
